

## Sponsorship agreement between COLEXON Energy AG and Copenhagen Racecourse

**Hamburg, 4 June 2009** - COLEXON Energy AG and Copenhagen Racecourse are happy to announce a sponsorship agreement, giving COLEXON Energy AG main rights to the 2009 Danish Derby on 28 June.

The Danish Derby, having been run on Copenhagen Racecourse, Klampenborg, since the inaugural racing season in 1910, is one of the highly regarded cultural events in the Danish calendar and attracts app. eight to ten thousand spectators on course.

The Danish Derby is also broadcasted via satellite and cable through TV2 Sport, a leading Danish sports channel.

According to the sponsorship agreement, COLEXON Energy AG will represent the three races included in the "Derby Series" – The Danish Derby, Larch Ærespræmie and The Derby Consolation – as well as the Derby Sprint. All four races are restricted to 3-year-olds and hold a total purse of app. € 155.000,-.

Speaking on behalf of Copenhagen Racecourse, Managing Director Tom Christensen says: "We are delighted to welcome COLEXON Energy AG as our main sponsor on Derby Day. It is without any doubt the highest profiled day of the racing season, and the fact that COLEXON Energy AG is a progressive German establishment gives us all the feeling of international atmosphere. And this is exactly what Copenhagen Racecourse is aiming at."

Speaking on behalf of COLEXON Energy AG, CEO Thorsten Preugschas says: "For COLEXON Energy AG it is a pleasure to support the Danish Derby on Copenhagen Racecourse and to take part in such a traditional and highly regarded cultural event with our sponsorship. Horse racing and renewable energies perfectly match as both are respectful of nature."

### **About COLEXON Energy AG**

The international COLEXON group is one of the leading manufacturer-independent system integrators in the photovoltaic sector. The company designs and installs turnkey photovoltaic plants for institutional and private investors in Germany and abroad. COLEXON is specialized in the realization of return optimized and large scale photovoltaic projects (from 100 kWp onwards). COLEXON Energy AG is listed in the Prime Standard segment of the Frankfurt Stock Exchange.

On May 13, 2009 COLEXON Energy AG, submitted a recommended, voluntary conditional takeover offer for all outstanding shares in Renewagy A/S, a Danish Independent Power Producer. Both the Management Board as well

as the Supervisory Board of Renewagy A/S support the planned transaction. For more information, please go to the companies' joint website [www.colexon-renewagy.com](http://www.colexon-renewagy.com).

The Danish Derby 2009 takes place at Copenhagen Racecourse, Klampenborg, on Sunday 28 June 2009. Entry from 10.00 a.m., and first race scheduled to be run at 12.45 p.m.
